Dear David

I just wanted to say a big thank you for arranging both my vehicle and public liability insurance. You managed to save me a fair amount on both of these policies also a fair amount of time to. I'm glad I used you as an insurance broker as all it took was one phone call and I was covered.

Once again David thank you for getting me the best deals I would have no hesitation in recommending you to any of my family, friends and clients.

Yours sincerely,

Alan Kingston
