Dear Mr David Larke (Coversure Insurance Services),

I would like to take the opportunity to thank you for the services you had offered me at such short notice.

The story begins with me saving enough money and splashing out on a new car. As sales agents do, they want to sell you everything under the sun and brought up a product called GAP insurance, which I had accepted and signed on the dotted line.

A few hours later when the word spread about me purchasing a car, my uncle (Suresh) heard that I had taken GAP insurance and referred me to yourself. I was absolutely shocked when I found that I could actually be saving not one, but two hundred pounds by taking GAP insurance through yourself and cancelled the one through the dealership.

If it had not been for your professional and quick response, I would have been left out of pocket. Times are tough, recession hit and all, regardless of me buying a new car, savings like this are much appreciated. Not only GAP insurance, I would definitely be looking to use you for all my insurance needs and expect a two hundred pounds saving on each of them.

Once again, thank you very much indeed.

Regards,  
Pritesh Patel
