Dear Mr. Larke,

Re: Business Insurance

I have recently had my insurance reviewed by David Larke, I have only known him for a short period of time and he has been extremely helpful with our business insurance. My only regret now is that I didn't speak to him earlier. He has offered us an extremely professional and quick turn around service which lets me have peace of mind that my business is adequately insured.

All of this without any gimmicks, no meerkats, nodding dogs or talking phones! I can confidently say I will be using your service again. I have no problem in recommending you to all my clients, family and friends.

Thank you once again for your efficient service and attention to detail with this job.

Yours sincerely,

Marc Ordever
