

Mr David Larke  
Coversure

23 October 2012

Dear David

**Testimonial**

I would like to take this opportunity of thanking you for setting up our insurances.

Kim spent ages getting quotes off the internet. We did not think to go to a Broker directly.

We were paying £2,600 for the van insurance, £400 for the car insurance and £200 for the contents insurance on our flat. We now have Trade Insurance for the van and car, contents cover for the flat, cover to test drive customers vehicles, public liability and tools cover for just over £2,000 with you.

Kim and I were very grateful and impressed with your service. How nice it was to walk into an office and meet a broker who was not only very meticulous with all the documents, but was very pleasant to deal with. It sure does beat a call centre and being on hold on the telephone forever and a day.

I would have no hesitation recommending you to friends and family wanting insurance, it really was an overall great experience.

Kind regards

Mason Long & Kim Bonsor
